It's giving me a headache  
I'm rocking like an earthquake  
and my head's on fire  
my head's on fire  
this is where the dam breaks  
and this is where she fakes it  
most of the time  
my head's just fine  
it's giving me a headache  
i pray it's just a mistake  
and my head's on fire [x2]  
and i'm a pony boy [x2]  
it's giving me a bad name  
rocking like an earthquake  
and my head's on fire  
my head's just fine  
this is where the dam breaks  
this is where she fakes it  
counting the lines on the ceiling tiles  
it's giving me a headache  
i pray it's just a mistake  
and my head's on fire [x2]  
and i'm a pony boy [x2]  
and this is where the dam breaks [x2]  
it's given me a bad name [x2]  
it's giving me a headache  
i pray it's just a mistake  
and my head's on fire [x2]  
and i'm a pony boy [x4]
