Suffocate for me  
You can pretend that you're pretty  
It's too loud in here for me to tell  
I wonder when you move  
Do you look to see who's watching you?  
Locked in the groove, little bird

What will it cost to buy you back?  
To buy your eyes? To buy your smile?  
Well she wants a new name  
She wants a new disguise

And all I want is you  
All I want's the truth  
She's got a new disguise  
Pull the shade and lock the door  
You don't need it anymore  
She's got a new disguise, she's got a new disguise

Suffocate for me, little bird, little bird, little bird  
Mirrors over your bed  
God lives above your head, little bird  
Well, I remember everything you say  
Everything you do, everything you always wanted  
Breathe for me, little bird

And all I want is you  
All I want's the truth  
She's got a new disguise  
Pull the shade and lock the door  
You don't need it anymore  
She's got a new disguise

And all I want is you  
And all I want is you  
And all I want, want  
Little bird, little bird

Where is the face that you know?  
Where is the face that you know?

And all I want is you

And all I want is you  
And all I want is you
