don't move stay right where you are
talking can only give you away
and there's nothing to say
the voices say hello!imprisoned, they're invisible
but we look a lot alike
this is boring, all we talk about is you
come-on , give me a reason
a boy and his machine gun
when you're finished struggling are you free tonight?
did they stick you in here cause you weren't working
right?
don't move stay just like you are
you look sane motionless like that so very flat
it's amazing what velocity can do
when human beings are in season
a boy and his machine gun
if you're quiet we might see some
when you're finished struggling are you free tonight?
did they stick you in here cause you weren't working
right?
there's a tv in every room
and it's free even pay-per-view

which you'll need if no one's going to visit you
animal
I know who you're waiting for
no one's coming though
so fuck you and your principles
and fuck whatever made me
perhaps you think I'm evil
what does it matter if we're crazy
