Three more inches of hair  
Is a whole fucking world  
Of rebellion.  
Happy, happy, I will forget  
So many things which are bad  
Which leaves me only with good thoughts..  
Why are you staring at me?  
You're breaking my nose from 25 feet.  
Are you really that small?  
Talking to you now  
Is the easiest thing  
In all of fucking hell.  
Slowly turning the key,  
Am I going or flowing  
Out?  
Why are you staring at me?  
You're breaking my nose from 25 feet.  
Are you really that small?  
All this day is a beautiful lie..  
People say what they will to get by.  
All I'm guess into that song  
Lucky four minute rebellion
