Came back again
Come knocking down your door
With a fist full of heart
And a radio
I can't get the girl
To play any songs I wrote
'Cause she gave it up for the sideshow

So there ain't much more to say to you
There ain't much more to say
So there ain't much more to say to you
There ain't much more to say

When it all begins
Already talking 'bout the end
You can see the fear in the eyes of friends
You can't believe and I can't pretend
That this all revolved
'Round an aimless wind

So there ain't much more to say to you
There ain't much more to say
So there ain't much more to say to you
There ain't much more to say

I have a crippling fear
A crippling fear of seeing you again
I have a crippling fear
A crippling fear of seeing you again

So there ain't much more to say to you
There ain't much more to say
So there ain't much more to say to you
There ain't much more to say
There ain't much more to say
There ain't much more to say to you
No, there ain't much more to say
