Rise up from the city like the fire that ate your bones
The coldest mystery of misery is
Dying here on your own
I've seen all the answers
But all the questions remain unknown, remain unknown
I'm still giving away the only escape that remains

Come on come on
Help me out
Show me the way
You could be
I wanna know, I wanna know
I'm coming home to a girl
Who'll say
She missed me when I'm gone

Fire and rock 'n roll-
They've been crawlin' through my veins
Grab your best dress honey and let's ride the interstate
I won't make you sorry
All I ask is you stay with me, stay with me
I'm still giving away the only escape that remains

Come on come on
Help me out
Show me the way
You could be
I wanna know, I wanna know
I'm coming home
To where we hide
To where we're all alone
Don't leave my side
I'll treat you right
I'll be looking for you
I'll be looking for you

Come on come on
Help me out
Show me the way
You could be

Come on come on
Help me out
Show me the way
You could be
I wanna know, I wanna know
I'm coming home
To where we hide
To where we're all alone
Don't leave my side
I'll treat you right
I'll be looking for you
I'll be looking for you
I'll be looking for you
I'll be looking for you

I don't wanna let you go
I don't wanna let you go
I don't wanna let you go
I don't wanna let you go
