You don't love me
Like I love you
It's pretty simple
It's pretty cruel
It's pretty cruel

I don't have time, don't have the right
According to your silent eyes
To keep this anxious love alive

But I guess, I guess
You gave me away

You don't love me like I love you
It's pretty simple, pretty cruel
And you won't have me like I'd have you
All these reasons for the truth
They're pretty cruel
Pretty cruel
Pretty cruel
Pretty cruel

You don't love me like I love you
It's pretty simple, it's pretty cruel
And you won't have me like I'd have you
All these reasons for the truth
They're pretty cruel
Pretty cruel
Pretty cruel
