How can I forget you
Memories come and go
You're all I've ever wanted
You're all I've ever known
Can I be happy
Living with your ghost
The pictures tell the story
I took them off the wall
It's hard enough to get through
I still can feel the fall
Do you even think of me at all?

I want you
Only you (repeats)

I could start it over
And find somebody new
A beautiful distraction
Just a hand to hold on to
But if you ask me
Would that love be true?

No, I want you
Only you (repeats)

I wanna taste you again
Like a secret or a sin
Breathin' out breathin in
There is no one else for me

But you
Only you

I want you
Only you
(I want you)
(repeats)
