You're so far away it's true, and I don't know just
how to get to you,
tell me you won't be long and I'll put it in a song,
as I fade into stranger points of truth
If I can't see you, I'll lie awake a thousand sleepless
nights just singin'

Girl you're my Carolina crush and I don't wanna
miss you this much,
yeah girl you're my Carolina crush, and I don't
wanna miss you this much.
Sweet September, my Carolina crush.

Don't wanna be alone today, I've been traveling so
near but far away,
I can't take this much more, are you knocking at my
door?
Have I gone slightly mad over you,

If I can't see you, I'll lie awake a thousand sleepless
nights just singin'

Girl you're my Carolina crush and I don't wanna
miss you this much,
yeah girl you're my Carolina crush, and I don't
wanna miss you this much.
Sweet September, my Carolina crush.

If I can't see you, if I can't see the only one I'll
always wonder.

The wind, the rain, the clouds and thunder..

Girl you're my Carolina crush and I don't wanna
miss you this much,
yeah girl you're my Carolina crush, and I don't
wanna miss you this much.
Sweet September, my Carolina crush.
