Tell me you feel nothing at all
Tell me your tears weren't worth it

Turn the light out
Turn the light out...

I sit and watch your walls of blue
And you told me I felt beautiful

Turn the light out...
Turn the light out...

But if it can't go on
Well then I can't go on
And if I can't go on
Turn the light out

But if it can't go on
But if it can't go on
Turn the light out

But if it can't go on
Well then I can't go on
And if I can't go on
Well then I can't go on
If I can't go on
Turn the light out
