So much to say
So much to say
All I want is this moment
There's so much to say
So much to say
All I want is this moment
There's so much to say
So much to say

So much to say
I was there and
I watched you save the day
I watched you changing your mind
It's almost insane
It's almost insane
You open up the door
And touch the one
Who's life is on fire
It's almost insane
It's almost insane

He wakes up to
Sounds of bullets flying low
The brilliant history
Of moments saving souls

We are behind the sun
We are the globe
We see the miracle
And somehow let it go

Beside the day to day
Or the knowing minds
We find the plans
To find the light
To see the signs

I was there and
I watched you save the day
I watched you changing your mind
It's almost insane

It's almost insane
You open up the door
To touch the one
Who's life is one fire
It's almost insane
It's almost insane
