A man in my shoes runs a life and
all the papers lie tonight
but falling over you
is the news of the day

Angels fall like rain
and love, is all of heaven away
inside you the time moves and she don't fade
the ghost in you she don't fade oh

The race is on, I'm on your side
but hearing you my engines die
I'm in the mood for you
for running away

Stars come down in you

and love, you can't give it away
inside you the time moves and she don't fade
the ghost in you she don't fade
inside you the time moves and she don't fade
the ghost in you she don't fade

don't you go it makes no sense
when all your talking supermen
just take away the time and get it away
ain't it just like rain
and love, is only heaven away
inside you the time moves and she don't fade
the ghost in you she don't fade

inside you the time moves and she don't fade
the ghost in you she don't fade
