People and cars on the avenue  
But i can't hear a thing, cause i'm looking for you  
I've been haunted  
By all that i can't have

I should make a list of every near miss  
Every thing that fell and brushed my fingertips  
I'm shattered  
Gone is the wait and see

Now i'll say goodbye to all of that  
Lower my head  
Turn away  
And never look back

A quitter never quits, he just changes his mind  
This song i sing is true and sublime  
It comforts me  
But it won't pay the rent  
I leaned in for, to give her a kiss  
I spilt her drink, i burnt her wrist  
With my cigarette  
I'm clumsy when i get close

Now i'll say goodbye to all of that  
Lower my head  
Turn away  
And never look back

I wanted it all, but i'll settle for some  
At the end of the day it don't matter what you want  
Come the end of days  
All you get is the truth  
On needles and pins, the story begins  
The world outside  
The houselights dim  
Well anyway  
What else can a poor boy do?

Now i'll say goodbye to all of that  
Lower my head

Turn away  
And never look back
