"Hollow"

Capture

The spirit of adversity

Be sure to put the lid on tight and watch it carefully

Sew shut

The mouth of the river slut

The entrance to a place discussed but hardly there for
you

Hollow

An evil bigger than you could know

Has taken root

Rapture

So what do you care

You know if it was up to me I'd take you anywhere

Hollow

An evil bigger than you could know

An evil bigger than you could know

An evil bigger than you could know

Has taken root

Hollow

An evil bigger than you could know

An evil bigger than you could know

An evil bigger than you could know

Has taken root
