I know i kinda went out with a bang
When I dumped you out of the blue
But my hearts just like a boomerang
It came right back to you

Now I'm confessin'
I've learned my lesson
Give me a blessin'
To come back home to stay
Here's what I'm trying to say
Let me come home to ya baby
Let me come home
Let me come home to ya baby
let me come home

Robbie: I don't wanna be alone anymore
Linda: You don't have to be baby

Now I can try to meet
Some glamorous guy
And things might turn out cool
But as I learned when I
Applied to Devry
You gotta have a safety school

Now you're my back up
Don't make me pack up

And have to pack up
Down by the interstate
Yeah, I'll reiterate
Let me come home to ya baby
Let me come home
Let me come home to ya baby
Let me come home

And tomorrow when wake up
You'll no longer have an ex
'cause the best part of the breakup
Is the makeup sex

Let me come home to ya baby

Let me come home
Let me come home to ya baby
Let me come home
Let me come home to ya baby
Let me come home
Let me come, let me come
Let me come home!
