Sometimes in my words and in my mind
I can't say the things I feel inside
Beat down by my own admitted frown
But this isn't what I've come to say

It's too soon for goodbye
I'll be going away but you're not gonna
Stay here forever, forever
We don't have long

Compared to when we're gone
So look around you now
Listen to your heart
Feel the world go round

No lies since I've got to know my mind
I don't need to figure out what's true
It's all mine, moving forward, losing time
And there's really nothing I can do, can do

It's too soon for goodbye
I'll be going away but you're not gonna
Stay here forever, forever
We don't have long

Compared to when we're gone
So look around you now
Listen to your heart
Feel the world go round

It's too soon for goodbye
I'll be going away but you're not gonna
Stay here forever, forever
We don't have long

Compared to when we're gone
So look around you now
Listen to your heart
Feel the world go round

Around you now
Feel the world go round, round, round, round

Around you now
Feel the world go round, round, round, round

Around you now
Feel the world go round, round, round, round
Around you now
Feel the world go round, round, round, round
