All falls away as closing my eyes I begin
Breathing a strange feeling
Not unappealing
I could be happy to be here

I know the rain only as something to need
While the poor leaves of fall ignore it
My dreams are growing green
My dreams are growing sure, sure

Where do I go? I don't know if I care where
I know you feel so low 'cause I've been there
I'll just keep it in the back of my mind
I can't find the time, I can't find the time

I fear the fire
Needed to warm me inside
'Cause as the ice cracks in flow the facts
And everything's slipping aside

I feel the pain coming and going away
It would be in vain trying to lay your claim now
I won't be sticking around
I won't be sticking around

Where do I go? I don't know if I care where
I know you feel so low 'cause I've been there
I'll just keep it in the back of my mind
I can't find the time, I can't find the time

Breaking away when there's no reason to run
'Cause like a seed, I need water and sun
My life has just begun
Sure, my life has just begun, every day

Where do I go? I don't know if I care where
I know you feel so low 'cause I've been there
I'll just keep it in the back of my mind
I can't find the time, I can't find the time

I'll just keep it in the back of my mind, yeah
I'll just keep it in the back of my mind, yeah

I'll just keep it in the back of my mind
I can't find the time, I can't find the time

Back of my mind
