I try but I can't concentrate  
Let them all deliberate  
I love you but I can't stand still  
Got nobody's shoes to fill

I hurt myself by rubbing raw  
Go to far, can't walk it off  
I want to, I don't care it's wrong  
Promise me you won't be long

Hear this  
Song in my heart  
Words in my head  
Carry my soul

At the bottom of the hanging tree  
Carved into the bark you'll see  
I never finished writing it  
Could not get my thoughts to fit

You know I know it isn't cool  
Slowly drowning in the pool  
You want to find a reason why  
I can never sympathize

Hear this  
Song in my heart  
Words in my head  
Carry my soul

Hear this
