Lately when I get the feeling you know
the truth doesn't show
I guess you see why
I don't wanna tell you what I believe
I'd rather deceive myself

And if I object at having to choose
Nothing to lose
I still feel bird like
Everything I need to get through the day
I'm hiding my love away

Cause I don't wanna know
I don't wanna hear what you have done
You're not the only one

I don't wanna make the rules that you break
The same risks I take
Then we'll come undone
I don't wanna say what you have become
Or what I have thrown away

Cause I don't wanna know
I don't wanna hear where you have been
I don't wanna go back
You think you can make it better
But it's not going to be
You're not the only one

I guess we better hope
That both our wrongs will turn out right
We're more than drifting
Apart

I don't wanna know
I don't wanna hear what you have done
I don't wanna go back
You think you can make it better
But it's not going to be
You're no the only one

I don't wanna know

I don't wanna know
I don't wanna know
