Do you really want to
Run away with me?
Would you really like to
Run away with me?
I can feel very clearly
But no longer see
For oh, looking at the sun
Waiting for you to appear
Watched you getting nearer
Like I knew it was in my heart
'Til the damage was already done
Looking at the sun
Burned my eyes out
And I'm blind now
I was looking for somebody
That you couldn't be
I was looking for somebody
That you will never be
I was so sure that there was
Nothing wrong with me
For oh, looking at the sun
Waiting for you to appear
Watched you getting nearer
Like I knew it was in my heart

'Til the damage was already done
Looking at the sun
Burned my eyes out
And I'm blind now...I'm blind
[solo]
Do you really want to
Run away with me?
I can feel very clearly
But no longer
Oh, looking at the sun
Waiting for you to appear
Watched you getting nearer
Like I knew it was in my heart
'Til the damage was already done
Looking at the sun
Burned my eyes out
And now I'm blind

Waiting for you to appear
Watched you getting nearer
Like I knew it was in my heart
'Til the damage was already done
Looking at the sun
Burned my eyes out
And I'm blind now
Yeah I'm blind now
