Across the evening sky, all the birds are leaving
But how can they know it's time for them to go?
Before the winter fire, I will still be dreaming
I have no thought of time

For who knows where the time goes?
And who knows where the time goes?

Sad [Incomprehensible] shores, your fickle friends are
leaving
Ah, but then you know it's time for them to go
But I will still be here, I have no thought of leaving
I do not count the time

For who knows where the time goes?
And who knows where the time goes?
Where the time goes

And I am not alone while my love is near me
I know it will be so until it's time to go
So come, the storms of winter and then the birds in
spring again
I have no fear of time

For who knows how my love grows?
And who knows where the time goes?
Who knows where the time goes, where the time goes?
Who knows where the time really goes?
Who knows where the time, where the time goes?
Who knows where the time goes?
