I just can't take it anymore  
Your tricks have fooled me for the last time  
You know I've had it up to here  
With the way You bring me down, down

You're wreaking havoc on my world  
You're calling question to my sanity  
But I'm not gonna let You get the best of me  
Not anymore, anymore

So here I go, watch me run  
A million miles under the sun  
That's what I'll do if that's what it takes  
To get away

I gotta get away, I gotta get away  
I gotta get away, I gotta get away

You try to steal away our kids  
You try to tear apart our families  
You bring Your lies into our towns  
And watch our morals tumble down

We are a city on the edge  
We are a world that needs a remedy  
But we're still the nation under God  
And it's time we take a stand

We gotta get away, we gotta get away  
We gotta get away, we gotta get away

Give us Your strength to run from evil Lord, lead the way  
Lead us into a better day give us hope, give us faith  
Help us, oh Lord, to get away, hear our cry everyday  
Help us, oh Lord, to get away

Here I go watch me run  
A million miles under the sun  
That's what I'll do if that's what it takes  
To get away
