If I could, I'd rewrite history
I'd choose differently; if I could, I would
I'd leave out the part where I broke Your heart
In the garden's shade, fix the mess I made
If I could, I would

If I could, close my eyes and then
Dance around again; if I could, I would
Be who You adored, why did I need more?
When beauty was not trained to hide behind my shame
If I could, I would.

Can You hear us cry?
Wishing we could turn back time
To feel Your breath when branches move
Take one more sunset walk with You
Must each tomorrow hold
Such brokenness untold?
Can't imagine how You could
See all of me and say it's good

If I could hold one memory
It would surely be how You walked with us
I'd go back in time, untell my first lie
And let love's injury heal in spite of me

Can You hear us cry?
Wishing we could turn back time
To feel Your breath when branches move
Take one more sunset walk with You
Must each tomorrow hold
Such brokenness untold?
Can't imagine how You could
See all of me and say it's good
Say it's good

It is good. It is good.
You still love us more than we believed You could
Could there be something more?
Will it ever be the way it was before?

Can You hear us cry?
Wishing we could turn back time
To feel Your breath when branches move
Take one more sunset walk with You
Must each tomorrow hold
Such brokenness untold?
Can't imagine how You could
See all of me and say it's good
