Well, it's been real nice living way up here  
In paradise, over the atmosphere  
But I can't stay long, gotta make my way  
I'm leaving Heaven today

You see the world is dark and it needs a light  
I'm gonna hang a star in the eastern sky  
So everybody's gonna know where I touch down  
I'm leaving Heaven right now

I'm gonna walk around that broken Earth  
Trading in these streets of gold  
So if you ever wonder how much you're worth  
You should know  
That you're the reason why I'm leaving Heaven

Ain't gonna be no kingdom, ain't gonna be no crown  
Just a little old manger, in a little old town  
But it'll do just fine for this humble King  
I'm leaving Heaven let all the angels sing

I'm gonna walk around that broken Earth  
Trading in these streets of gold  
So if you ever wonder how much you're worth  
You should know  
You're the reason why I'm leaving Heaven

And when my time comes to an end  
I'll lay down my life like a truest friend  
And when I get back home, I'm gonna make some  
room  
So, don't you worry, 'cause I'm coming back for you

And you will say goodbye to that broken Earth  
You're gonna walk on streets of gold  
And if you ever wonder what my love is worth  
Well you should know  
That I'm the reason you'll be seeing Heaven  
Oh, you're the reason why I'm leaving Heaven  
I'm leaving Heaven
