Wake up, 7:32 AM
Can't believe it's time to do it over again
Yesterday, it took all that you had
And you're wonderin' if you'll ever get it back

But the whole wide world is waiting for
Waiting for you to step out that door
Come on, and let your life be heard today
You got something to say

If you're livin', if you're breathin'
You got something to say
And you know if your heart is beatin'
You got something to say

And no one can say it like you do
God is love and love speaks through you
Got it, you got it
You got something to say

Yeah, yeah
Something to say
Yeah, oh

Listen up, I got a question here
Would anybody miss you if you disappeared?
Well, your life is the song that you sing
And the whole wide world is listening

Well, the answer to the question is
You were created, your life is a gift
And the lights are shining on you today
'Cause you got something to say

If you're livin', if you're breathin'
You got something to say
And you know if your heart is beatin'
You got something to say

And no one can say it like you do
God is love and love speaks through you
Got it, you got it

You got something to say, yeah

(Sing na, na, na, na, na, na)

You got something to say

(Na, na, na, na, na, na)

Come on, come on, yeah

Sing na, na, na, na, na, na

Na, na, na, na, na, na

Na, na, na, na, na, na, yeah

Listen up, I got a question here

Would anybody miss you if you disappeared?

Well, your life is the song that you sing

And the whole wide world is listening

Oh, you got something to say

And no one can say it like you do

God is love and love speaks through you

Got it, you got it

You got something to say, yeah

(Na, na, na, na, na, na)

Something to say

(Na, na, na, na, na, na)

Come on, come on, yeah

(Na, na, na, na, na, na)

And the world is listening now

(Na, na, na, na, na, na)

And the lights are shining down

(Na, na, na, na, na, na)

Shining down on you today

'Cause you got something to say

So just say it
