Is this the end?
Or only the beginning?
The second chance
You never thought you'd get

The question is
Will you do something with it
Or spend your days
Lost in your regret

This is the story of your life
You decide
How the rest is gonna read
This is your chance between the lines
To redefine what kind of legacy you leave
This is the story of your life
And it's a story worth telling

Breathe in deep
Feel your heart still breathing
Let's go see the reason you're alive
Oh, you are here
and love is up to something
So take your fear
and leave it all behind

This is the story of your life

You decide
How the rest is gonna read
This is your chance between the lines
To redefine what kind of legacy you leave
This is the story of your life
And it's a story worth telling

This is the joy
And it's the pain
And all the pages in between
Your finest hour
Your weakest moment
It where you've been
It's where you are

It's where you're going

This is the story of your life

You decide

How the rest is gonna read

This is your chance between the lines

To redefine the kind of legacy you leave

This is the story of your life

Go tell the story of your life

Cause it's a story worth telling

It's worth telling

Is this the end?

Or only the beginning?
