Na na na na
Na na na na na
Oh yeah
You caught my eye baby, I almost fell off my chair
I lost my composure
You said hello, I felt some major chemistry there
But I don't want to settle for a physical relation
I just got this feeling I could maybe get to heaven with
you
If you wanted to
Let's kiss, like the angels do
Let's kiss, like the angels do
Let's kiss like angels do
I can't deny that your smile makes my body respond
But I'm trying to control it
You've got the moves and means for getting just what
you want
But baby I can tell there's something sensitive inside
you
Come little closer, we can leave the earth behind if
we try
Put your lips on mine
Let's kiss, like the angels do
Let's kiss, like the angels do
Let's kiss like angels do

Na na na na
Let's kiss, oh yeah
Na na na na na
Na na na na na
Na na na na na na na na
Take it slow, angels know it's better that way
But I don't want to settle for a physical relation
I just got this feeling I could maybe get to heaven with
you
If you wanted to
Let's kiss, like the angels do
Let's kiss, like the angels do
Let's kiss like angels do
Na na na na
Like the angels do
Let's kiss, like the angels do

Let's kiss like angels do
(REPEAT TO FADE)
