

Mauro Pawlowski "Finish It All Off (With Love)"

Visit "[Finish It All Off \(With Love\)](#)" on MotoLyrics.com

I've got a house in a very fine place
with squirrels running through a green open space
I've got money in the bank and a clean honest face
all kinds of tea in a fancy little case

come to me baby
there is more than enough
come to me baby and
finish it all off with love
with love

I've got books and a fireplace for rainy days
where we can share second thoughts about the human
race
I've got friends I've got family to embrace
instructive tapes about the latest dance craze

come to me baby...

I'm not the crying type and I'm too smart to be rough
a bird is flying over all the things I'm thinking of
I get lonely
I get so lonely

come to me baby
there is more than enough
come to me baby
and finish it all off
come to me baby
there is more than enough
come to me I need you
to finish it all off
with love
with love
