Everybody's talkin
I can't hear what they say
But i can tell cause their lips move

It's like i'm sleep walkin
I try to feel my way
But nobody wants to let me through

And i won't say the answer staring me right in the face
But i know it's time i make my own mistakes

You know i'm finally free
I'm taking the lead
And i don't have to listen to anybody
I'm my own united state

I make the rules
So if i lose
I don't have to answer to anybody
Tell me i should play it safer

Welcome to my world

Why are you so nervous
And so concerned
I'm not a rebel just because

There comes a time when you trust
In everything you've learned
The way that my soul finally does
Well i've got to find out where it goes even if i lose my way
Till i find the road that i'm supposed to take

You know i'm finally free
I'm taking the lead
And i don't have to listen to anybody
I'm my own united state
I make the rules
So if i lose
I don't have to answer to anybody
Tell me i should play it safer

It's so brand new
I've got to do what i want to do

You know i'm finally free
I'm taking the lead
And i don't have to listen to anybody
I'm not gonna hit the brakes
I make the rules
So if i lose
I don't have to answer to anybody
Tell me i should play it safe

Chorus out
