Yeah
Listen lil' mama, I got what you need
Them lil' diamonds, they glisten the timin' on my
sleeve
Finna run a couple of Gs, maybe 9 to 10
I done lost her for three weeks but baby mine again
But now I'm back on my swagger, that black-on-black is
a Jagger
My mami looking meaner than Christina Aguilera
Told me "Biggaveli don't cum, won't you wait a minute
My dick turn into a slug, once I laid up in it
Most of y'all niggaz is timid
Most of y'all niggaz is finished
I'm so replenished, my spinach, I want it to the limit
They say the kid got so many flows
Oh so many new hoes
I need 'em, show me them niggaz, I really need to see
'em
The Charger's good but I really need the BM, Ow
I just copped the 38 pearl
And I like to let them revolve, wanna take a twirl
And I need me a little freak, not a gangsta girl
It's lil' mama season and I'ma shake you
I'ma break you

Yeah, you fuckin' wit' the Boss Don baby
Get your 1s out, real expensive
Just copped that 38 pearl
Byrdgang, Boss Don baby
Uh, Biggavel' Season on it's way
Public Domain on it's way
Well, it's in Public Domain
Fuck it, high off that now let's go
