How did it come 2 this?
U livin' in your world and me dyin' in mine
Lord knows I don't deserve this
I never gave U any reason 2 treat me unkind
Each day that goes by I grow lonelier
Sadder than the day before
I'd give anything just 2 hold U in my arms
Or see U standin' at my door

Cuz darlin', U mean more than words could explain
Ooh darlin', the pain, it cuts so deep

And it's only a matter of time
Before I go right out of my mind
I don't care who was wrong
I only know that when U're gone
I think about U every day
Why'd U have 2 go away and leave me all alone?
Won't U please come home, baby?
(Baby, won't U please come home? I don't wanna be
alone)
Come home
(Baby, won't U please come home? I don't wanna be
alone)

Why did we ever part?
U were my lover and I was your friend
How did this argument start?
Couldn't we just kiss and start over again?
Whoever said all good things soon come 2 an end
Never had anybody like U
There's a pounding in the pit of my heart
Whenever I think of what we used 2 do
(Ooh, the things we use 2 do)

Cuz darlin', U mean more than words could explain
Darlin', darlin', the pain cut so deep

And it's only a matter of time
'Fore I go right out of my mind
I don't care who was wrong

I only know that when U're gone
I think about U every day
Why'd U have 2 go away, leave me all alone?
Won't U please come home, baby?
(Baby, won't U please come home? I don't wanna be
alone)
I can't take it no more
Come on, come on, come on, come on, baby

Looky here
I got somethin' I wanna say
U know I never treated U bad
U know I was the best U ever had
I know it's just a matter of time
'Fore I go right out of my mind

Ow!
Baby, help me
Oh baby

It's just a matter of time before I go right out of mind
I don't care who was wrong, baby
All I know, all I know is that when U're gone
I say when U're gone
I think about it every day any old kind of way
Why'd U leave me, why'd U leave me?
Why'd U go away?
Baby, baby, won't U come home?

(Baby, won't U please come home? I don't wanna be
alone)
Come on, come on home
Help me - come on, come on home
(Baby, won't U please come home? I don't wanna be
alone) {fade out}
Somebody help me
Come on, come on home
