I am the sun
Cracking in your eyes
I left you in your sleep
Stinging in your side
I love you
Does it matter?
Lalalalala la lalalalala
I left you
For the better
I am your blood
Dried up in your vein
A pin prick in the sphere
A whisper in your ear
I love you
Does it matter?
Lalalalala la lalalalala
I left you
For the better
Ooh ooh
Does it matter?
So come around tonight
I'm lonely and I'm scared
I made a big mistake
To see how much you cared
I love you
Does it matter?
Lalalalala la lalalalala
I left you
For the better
Don't you know it's me
Falling through the stars
Catch me in the night
Help me make it right
I love you
Does it matter?
Lalalalala la lalalalala
I left you
For the better
I love you
Does it matter?
I love you

Does it matter?
I love you
Does it matter?
Does it matter?
