(Matt Thomas/The Mavis's - Mushroom)
And you think you know
But you haven't even seen my eyes
And you think you know
But you haven't even seen my eyes
So I crawl out the streets
But you haven't even seen my eyes
Where the moon drones and beats
But you haven't even seen my eyes
Moon drone
Moon drone
Moon drone gold
But you haven't even seen my eyes
Now I can't explore
What do you love me for?
If I can't explain
This beautiful golden cloud of pain
And you think you know
But you haven't even seen my eyes
And you think you know
But you haven't even seen my eyes
Covering the sun
Smothering the rain
And the moon drones on and on and on
Taking me insane
Now I can't explore
What do you love me for?
If I can't explain
This beautiful golden cloud of pain
And you think you know
But you haven't even seen my eyes
And you think you know
But you haven't even seen my eyes
Covering the sun
Smothering the rain
And the moon drones on and on and on
Taking me insane
Now I can't explore
What do you love me for?
If I can't explain
This beautiful golden cloud of...

Now I can't explore
What do you love me for?
If I can't explain
This beautiful golden cloud of...
Pain
Pain
Pain
Pain
