There's somethin' funny 'bout my fav'rite waitress  
She's started lookin' like you  
She's got the menu and she's got secrets  
And she's good lookin' like you

But it's not like me to be so hopelessly  
In love with my own surroundin's  
Singin' things that don't make sense  
Like bah-ba-ba-bah, ba-ba-bah, ba-ba-bah

I've found my happiness, I've found my happiness  
I've found my happiness, agai-ain

There's nothin' funny 'bout the way you kept me  
Reachin' up for someone to be  
I know it sounds silly but I don't mind waitin'  
For someone who's fabulously deranged

But it's not like me to be so hopelessly  
In love with my own surroundin's  
Singin' things that don't make sense  
Like bah-ba-ba-bah, ba-ba-bah, ba-ba-bah

I've found my happiness, I've found my happiness  
I've found my happiness, agai-ain

I'm in love again, I'm in love again, I'm in love again  
I'm in love again, I'm in love again, I'm in love again  
I'm in love again, I'm in love again, I'm in love again  
I'm in love again, I'm in love again, I'm in love again

I've found my happiness, I've found my happiness  
I've found my happiness, agai-ain  
I've found my happiness, I've found my happiness  
I've found my happiness, agai-ain

It's from lovin' you
