(Matt Thomas/The Mavis's - Mushroom)

And you think you know  
but you haven't even seen my eyes  
and you think you know  
but you haven't even seen my eyes  
so I crawl out the streets  
but you haven't even seen my eyes  
where the moon drones and beats  
but you haven't even seen my eyes  
Moon drone  
moon drone  
moon drone gold  
but you haven't even seen my eyes  
Now I can't explore  
what do you love me for?  
if I can't explain  
this beautiful golden cloud of pain  
And you think you know  
but you haven't even seen my eyes  
and you think you know  
but you haven't even seen my eyes  
Covering the sun  
smothering the rain  
and the moon drones on and on and on  
taking me insane  
Now I can't explore

what do you love me for?  
if I can't explain  
this beautiful golden cloud of pain  
And you think you know  
but you haven't even seen my eyes  
and you think you know  
but you haven't even seen my eyes  
Covering the sun  
smothering the rain  
and the moon drones on and on and on  
taking me insane  
Now I can't explore  
what do you love me for?  
if I can't explain  
this beautiful golden cloud of...

Now I can't explore  
what do you love me for?  
if I can't explain  
this beautiful golden cloud of...  
pain  
pain  
pain  
pain
