If I could write you in the snow
(would from high above it show)
would from high above it show
(if I could write you in the snow)
sounds bleak out of all proportions
(snow white line)
through the white lines
Fly the canyon single file
(nothing changes mile by mile)
nothing changes mile by mile
(fly the canyon single file)
sun streaks out of all distortion
(snow white line)
through the white lines
Don't go
don't go
don't go
not yet
If I could melt the angels heat
(now I'm slipping so discrete)
magnetic and dignified
I'm slipping so discrete
(if I could melt the angels heat)
sounds cheap just justifications
(snow white line)

through the white lines
Don't go
don't go
don't go
not yet
Just a pinprick in the sphere
(drain the blood and draw the fear)
drain the blood and draw the fear
(just a pinprick in the sphere)
come clean with the medication
(snow white line)
through the white lines
If I could write you in the snow
then our destiny I'd know
sounds bleak in the perspirations
(snow white line)

through the white lines
Don't go
don't go
don't go
not yet
