"No Escape"

Through the twilight I can see
Faces staring back at me
I can tell what's on their minds
And the reason isn't hard to find...

Never it was
If I thought twice
Now I've got to pay the price
Pay the price for all your sins
This is where they're reckoning again...

Hey, hey, hey
Hey, hey, hey
No escape for me

Hey, hey, hey
Hey, hey, hey
No escape for me

Turn my back from crying eyes
No escape I realized
They can see what's on my mind
And the reason isn't hard to find...

Hey, hey, hey
Hey, hey, hey
No escape for me

Hey, hey, hey
Hey, hey, hey
No escape for me
