I'm sick of everyone  
I'm tired of you  
Actions of effort  
But what am I trying to prove  
City to city  
And everywhere  
With no direction  
And I'm nowhere near  
Near the end

[Chorus:]

I'm sick, and I'm tired.. [x3]  
*I'm sick, I'm tired of you*

*Go ahead and tell the world  
No one will listen  
I've tried again and again  
But silence always wins  
Preoccupation is the only way  
To keep your mind from wandering fuck away  
Fuck away..*

[Chorus]

*Don't wanna live like that  
Do I already  
If so that would explain the self hate  
These rhythmless words  
They have no tone  
Randomly beating  
Meaningless thoughts at no control  
No control..*

[Chorus]

*I'm tired of you  
Tired of you  
And I'm so tired of you  
Tired of you  
And we're so tired of you*
