### "Warning"

I'm warning anyone  
I'm warning you  
I'm warning anyone  
Anyone ready to lose  
Whoa...  
I'm feeling loaded  
With an early grave  
I took a dead end street  
And i've never been the same  
Whoa...  
My thoughts are splitting  
And i can't find  
This wasted hatred  
That's got no where to hide  
Whoa...  
Unwanted action  
Set for ignition  
Ready to take off  
At the countdown of the day  
Whoa...  
Warning [2x] i got to get away  
Warning [2x] i want to run away
