Te espero allí dónde tu sabes
I wait for you there, where you know

Lo quiero porque tenemos que hablar.
I love it because we have to speak.

Oye concédeme un ratito nada mas,
Listen, concede to me a moment, nothing more,

Que bien vale la pena si ha de ser,
How much the pain is worth, if it must be,

para querernos más.
to love each other more!

Mira que si el momento pasa,
Watch as the moment passes

aunque tú lo reclames, mas nunca volverá,
although you may need it dearly, it will never come again,

No olvides que por un minuto, de paz y de placer, hay veinte de dolor .
don't forget that for a minute, of peace and pleasure, there will be twenty in pain.

Siempre es triste recordar lo que se fue,
It is always sad to remember what was lost,

Por eso es conveniente aprovechar
but it is fair to make the most of

lo que no ha de volver.
what must not come again.
