it was the signs
on your face
that i never could see
its was the fact
i forgot
some kind of anniversary

At the phone
you would wait
but i never would call
it's the thought
that never counted
cause there's no thought at all

Distress codes sent
for a rescue to
relieve me of the boredom
that i'm feeling with you

in a daydream i'd compute
the first day we would meet
and simply press delete

Because i just don't care
so give it a break
i just don't care
so i made a mistake
i just don't care

and there's one thing to do
it's ture
i need to get ride of you
no matter what i try

i never get through
my random acts od kindness
you'd just misconstrue

i guess it comes down
to a lack of trust
a heart that used to work
has since been covered with dust

in the shadows of the year
you know i never could tell
if i had feelings for you
or i was under some spell

and now the only kiss i can justify
is a kiss goodbye

because i just don't care
so give it a break
i just don't care
so i made a mistake
i just don't care

and there's one thing to do
it's ture
i need to get rid of you
