i was only 17 when i got my heart ripped clean
i was just a baby then

loves so confusing
the scenes are amusing
i have to express how i feel

i was only 17 when i got my heart ripped clean
how can i forgive you that

ohhhh
loves so confusing
the scenes are amusing
i have to express how i feel

one thing i knows true i'll never replace you
a memory i rewind and play
soleil(x4)
