I told you when I met you
I just couldn't give you
The love you needed

I told you I still loved him
And you couldn't thrill me
The way that he did

I said that he would always be
The only man in the world for me

But, baby
It's gonna be alright
I do believe now
It's gonna be alright

The love you've shown
Has made it so easy
To forget all about him
You've made me see
I could live without him

When my heart was
Filled with sadness
Soothing it was
Having you to go to

The tender love you offer
Is something that I just
Couldn't say no to

From just a spark
My love has grown
And now it's there
For you alone

And I know
It's gonna be alright
Cause you're my man now
It's gonna be alright

You came and led me

Out of the darkness
And into the light
And I know, baby
It's gonna be alright

You came and led me
Out of the darkness
And into the light
And I know, baby
It's gonna be alright

It's gonna be alright
It's gonna be alright
It's gonna be alright
I know it's gonna be alright
It's gonna be alright...
