I have often heard you say
You love me as a friend
But I love you more than anyone
You know I can't pretend no longer

I would give you anything
I'd throw my world
But you don't wanna hear that anymore
And you wanna hear me say

Come on and lead me on
Come on and tease me all night long
Loving you, I know it's right
I'll always need you, I'll never leave you

Come on and lead me on
Tease me all night long
I'd rather be a fool with a broken heart
Than someone who never had a part of you

You know I told you from the start
Exactly how I feel
Time goes on, seems nothing's changed
I'm in love for real

We have never played the games
That real lovers do
So maybe we are better off
Baby, I'd still like this from you

Come on and lead me on
Come on and tease me all night long
Loving you I know it's right
I'll always need you, I'll never leave you

Come on and lead me on
Tease me all night long
I'd rather be a fool with a broken heart
Than someone who never had a part of you

Come on and lead me on
(Come on and lead me)

Come on and tease me all night long
(Tease me all night long)
I'd rather be a fool with a broken heart
Than someone who never had a part of you

Come on and lead me on
(Come on and lead me)
Tease me all night long
(Tease me all night long)
Loving you I know it's right
I'll always need you, I'll never leave you

Come on and lead me on
Tease me all night long
