Uh ah ooh  
ooh

Back when I was 4 or 3  
clouds came rushing round into my sunshine  
clouds got a hold of me they brought me way, way  
down  
clouds so my baby believed but you were not around

So now what you trying to be  
what you trying to, trying to do to me  
you got me catching feelings with an urgency  
now that I've changed my mind

Sorry I wasn't sure of your love  
ooh sorry so once afraid that you would figure out the  
crutch  
then make a move and come and go and go and leave  
me like the others left me, when things got deep  
before you make me go girl, promise you won't do that  
to me  
mmnm baby

Now what you trying to be  
what you trying to, trying to do to me  
you got me catching feelings in the third degree  
now that I've changed my mind

Everything was just fine  
when you wanted to ruin my life  
now it's plain and easy for me to see

now that I've changed my mind  
oh

Now that I don't want to settle the score  
game? I ain't never felt so free  
now that I don't want to hurt no more  
there's plenty more left for me

Cuz everything was just fine  
you wanted to ruin my life

I'ts plain for me to see (and it's plain and easy for me  
to see)  
now that I've changed my mind

So now what you trying to be  
what you trying to be baby (trying to do to me)  
oh (feelings in the third degree)  
now that I've changed my mind (now that I've changed  
my mind)

So now what you trying to be  
what you trying to, trying to do to me  
feelings with an urgency  
now that I've changed my mind (now that I've changed  
my mind)

So now what you trying to be  
ah ooh woo woo yeah (trying to do to me)  
feelings in the third degree  
now that I've changed, now that I've changed my mind  
(changed my mind)
