I can make you feel like  
I can make you feel like  
Like I want you to  
I can make you feel like  
I can make you feel like  
I'll hop on you (?)  
On to, turning to

Like I wanna do  
Like I want you to  
Like I wanna do  
Like I want you to

I can make you feel like  
I can make you feel like  
Like I want you to  
I can make you feel like  
I can make you feel like  
I'll hop on you up  
On to, turning to

Like I wanna do  
(Oh oh oh oh)  
Like I want you to  
(Oh oh oh oh)  
Like I wanna do  
(Oh oh oh oh)  
Like I want you to  
(Oh oh oh oh)
