Now I know, now I found
Now I feel just like this so united
Now I feel somethin' special
I can't even describe it to ya

Let's try not to let the negative erupt, keep it rockin'
Rockin' babe, you don't stop babe
When I'd much rather watch my people movin' it up, at
the party
Party
At the party

Now we cool, now we fine, now we good
Everything is dynamite
Now in fact y'all
We gon' be alright tonight, yeah

Let's try not to let the negative erupt, keep it rockin'
Oh yeah
When I'd much rather watch my people movin' it up, at
the party
Party
At the party

Rockin' babe, you don't stop babe

At the party
Party

At the party
Party

I'd much rather watch my people movin' it up, at the
party
(Party)
At the party
(Party)
At the party

You don't stop, yeah, yeah
