(Yeah, look at you)  
Look at you  
You look fine  
How do you do  
Been a while since alone in your room (room)  
Been around, but haven't found  
No one like you (no one like you)  
Don't you know girl  
There's no one like you

And you hear me  
Hear my emotions creep slowly  
Hear with your heart, baby  
Don't speak  
Now with your soul tell me  
Silently

Tell me (you) know each thought without a word  
You see me through (you see me through)  
Sorry now (sorry now) that I ever doubted you  
I don't know what I can do  
To make you come true  
Think that you should know  
There's no one like you and how you are

Your mind and heart  
Nine times the soul (ooh)  
Nine times the soul  
There's no one like you

Can you hear me (hear me baby)

(emotions) Scream slowly  
Hear with your heart, baby  
Don't speak  
Now with your soul tell me  
Silently

Tell me  
Silently

Ahh baby

(me)

Love the way you (ho)  
With your mind lady (ho)  
My body soul (ho)  
If you aint told  
You got to know  
I'm willin' to show you if you want to know

(know me)

Hear my emotions scream slowly  
Hear with your heart, baby  
Don't speak  
Hear intertwine scremin'  
Silently

Screamin' silently  
(don't you scream)  
You're my divine  
(don't you scream)  
Slowly  
(touch you, hear what you want baby)  
Don't speak  
Say with your heart (say it to me)  
Silently

Tell me  
Silently  
(woo-woo-woo-wooo)  
Silently

(me)
