Sweet One..

This is the time...

Go away..

To fly real high and save the day.

Well I am a sweet one..

Traveling around the world.

I am a sweet one...

TOdayyy.

Get away get away.

See there's a story, once upon a gurl.

Who had flurry on someone a time

In the world..

But then one day the gurl had to say..

Some one come and help me to try to save the dayyy.

Well then I came and told her so. How if I did

I wouldn't let her go..

But I am sweet one very very sweet one yeahhh

Get away... Get away..

I am a sweet one.. TO try to come and save the day..

Well I am sweet one.. to help everyone say..

I am a sweet one a very very sweet one

Well I am sweet verry verry sweet one to try to save the  
day....

So lend a hand.

Just take a couple commands

I am a sweet one a very very sweet one todayyyy.

I am a sweett oneeeeeee..
