You are the song in me that I can't ignore,
You are the simple things that I adore
You are the only thing that gets me like you do.
You know it's you.
You are the story line, the hidden theme
You are the mastermind when it comes to loving me.
And you are the meaning of I do,
You know it's you.

Oh it's you who has stolen my heart,
And my weakness is your strongest part.

[Chorus]

I could write a million songs to say how I feel,
'Cause I felt it from you,
And you know that it's so real.
I'll dress it up to emphasize,
I'll tell the whole world that...

You are everything I could ever dream,
You are the part of me I could never see,
You are the force behind a kiss that makes me move,
You know it's you.
You are the sparkle in a star-filled sky,
You are the how's and when's,
You're my perfect alibi.
And nobody gets me like you do,
You know it's you.

Oh, it's you who has stolen my heart,
And my weakness is your strongest part.

[Chorus]

I could write a million songs to say how I feel,
'Cause I felt it from you,
And you know that it's so real.
I'll dress it up to emphasize,
I'll tell the whole world that you're mine...

Oh, that you're mine,
And I hope you feel it too,
When I say that I need you...

I could write a million songs to say how I feel,
'Cause I felt it from you,
And you know that it's so real.
I'll dress it up to emphasize...
I'll tell the whole world that
It's you who has stolen my heart,
And only you know how to fill every part.

I'll let the whole world know,
I'll let the whole world know...
That you're mine.
